

# Garage Door | (R-3.0)

R-3 (Also Provides a Radiant Barrier Benefit in Warmer Climates)

## InfraStop<sup>®</sup> Installation Instructions

1. InfraStop<sup>®</sup> Insulation
2. Garage Door Frame
3. Garage Door Panel

### Tools Required:

Safety Glasses  
Tape Measure  
Utility Knife/Scissors

### Recommended Products:

Reflective/Bubble/Bubble/Reflective - Roll: ISDFD24025 (24"x 25'),  
ISDFD48025 (48"x 25')

### Installation Instructions:

- Measure the door panels of the garage.
- Simply cut the InfraStop<sup>®</sup> Reflective/Bubble/Bubble/Reflective product to this dimension.
- Attach the product to the door panels utilizing an acrylic adhesive tape, double sided tape, spray adhesive, screws or staples.

## Review These Important Safety Guidelines Prior to Installation:

- **ALWAYS** check local building codes before installing InfraStop®.
- **ALWAYS** check the area you are insulating and make any needed repairs. Any worn wiring should be replaced before you begin installing InfraStop®.
- **ALWAYS** make sure work areas are well ventilated and well lighted.
- **ALWAYS** use eye protection when operating a staple gun.
- **ALWAYS** use caution and common sense when using a staple gun. Be aware of where electrical wiring is located. Stapling into a wire can cause severe shock or death. **NEVER** staple into electrical wiring.
- **ALWAYS** be careful when working with large pieces of InfraStop® on windy days.
- When installing InfraStop® on bright sunny days, it is best to wear sun glasses.
- Do not work in areas such as attics when temperatures are too hot.
- Visit our website at [www.insulationstop.com](http://www.insulationstop.com) for additional product and installation information.

### **Please Note:**

*The intention of these Installation Instructions and 3-D renderings are for the sole purpose of illustrating the correct location and relative position of the InfraStop® products in specific building assemblies. The correct construction methods and techniques are the responsibility of the installer or contractor. The methods outlined are recommendations on location of the InfraStop® products as a guideline. There are no claims on the part of InfraStop® that these building assemblies are finite standards or meet building code requirements (as they can vary by region).*
